

Staff Training, Effective Meetings, St John of Gods, Stillorgin,

One-Day Training Workshop for Centre Staff on Effective Meeting Skills

"Paul provided us in St John of Gods Community Mental Health Services with a well thought out workshop on Committee Work skills. The 30 staff members who attended all feel they will be more effective committee members and as a result their committees will be more productive and ultimately achieve more. I'd recommend Paul as a facilitator/trainer to organisations irrespective of size and type, what he assisted us to learn is relevant to all."

Niall Turner, Occupational Therapy Manager, St John of God, Dublin

Staff Feedback:

I feel more confident to go back to management...

I would be more aware of my role as a committee member...

Helped me to move on from complaining about the problems to considering my role in it and solutions ...gained great clarity on what a subcommittee should be ...

Loved comment on courage...

Gives me permission to trust my gut

Got me thinking about my reasons and motivation re committees

I learned a lot from it

Highlighting personal responsibility in role on committees

General Comments;

Very interesting / highly impressive/ excellent/ extremely helpful/ re-energised/ timely/ insightful/ gentle and supportive/ much needed training topic/very productive / worthwhile/positive/ effective / helpful/ overall very good / all objectives met/ facilitator included all members with expertise/ empowered people to come up with solutions/ good pace and well facilitated/ good to be asked to think about our expectations
