

Community Development Strategic Plan, Askeaton, Co Limerick

Paul O Raw, carried out consultancy work for Limerick County Council on developing a community plan for our community of Askeaton. He worked with the steering committee of Askeaton Community Council over a nine-month period in conducting public consultations, reviewing census statistics and preparing the community plan for Askeaton.

At times this was a difficult project and required perseverance and going the extra mile, and Paul always put the shoulder to the wheel to see plan the through. The plan is now completed and published in the community, and now forms the foundations of a new Community Forum formed in conjunction with semi-states bodies to address the local issues.

I would highly recommend Paul O Raw to you as person who has experience and the talents to take similar projects from inception to completion.

Joe Whelan,
Chairman Askeaton Community Council.
